Dear Amy,
I totally feel with your plight!!!

I looped in Senior Lead Officer, Paul Jordan, and Dan Halden, Councilmember O'Farrell Hollywood Field Deputy, to look at ways to manage the out of control homeless encampment on Cole Street by the Hollywood Rec and Park Center.

Good Morning Central Hollywood Council Executive Members:

My husband and I own a small home across from the Hollywood Community Center on Cole Avenue. We recently lost our long-term tenants due to the unsafe, unsanitary conditions caused by the recent influx of homeless individuals setting up camps, using the street as a bathroom, and blatant drug use (including finding hypodermic needles on the sidewalks!!). The young female tenant reported repeated harassment from the homeless as she left and entered the house. I showed up to the house last weekend in the early morning hours and saw a man completely naked using a pot of water to clean himself on the street, another peeing in plain view in the grass outside of the park- I was with my 7 year old child!!!! This is unacceptable and dangerous!!!

My family including my then infant daughter lived there up until 4 years ago, and I felt safe at that time. My child attended ABC Educational Center and we used to swing and play in the park... what has happened???? At that time, there were a few individuals who "lived" near the park who were homeless. They were respectful and did not pose a threat. I would often give one of them food and blankets. But now it is an entire community of people who have NO RESPECT for those living in the area. **How is this situation legal? You can't just camp in public places???** How can residents even bring their children to the park to enjoy the community center? We have not been able to find another tenant and it is causing a SEVERE financial hardship for our family.

Please advise. We need to do something to fix this awful, unsanitary and dangerous situation!!!!!! Thank you for your prompt attention to this situation.

Thank you,

Amy and Anthony Kilhoffer

Thank you so much for your prompt attention to this matter. I want you to understand that I empathize with the issues regarding those who cannot afford homes/shelters in Los Angeles. We are not heartless nor are we blind to the adversities facing low income individuals in these times. But when it becomes an issue of safety, our children's play spaces, and sanitation -then we need to act quickly and aggressively.

You can reach me at The other number is my husband, Anthony's, cell phone. Either one of us would be happy to discuss this further.

Again, many thanks.

Hi David

My name is Anthony Kilhoffer.

I would like to have a meeting with Mitch O' Farrell about passing a new municipal code that makes it against the law to sleep and camp with in 200 yards of a park or day care.

Why is Mitch allowing homeless people to camp that the Hollywood Rec. center.

The park smells like piss and there is open drug use, prostitution and profanity every day and night next to the kids playground.

If the city can pass LAMC 85.02 the city needs a new municipal code that makes it against the law to have a homeless encampment with in 200 yards of a park or daycare.

Please advise when I can sit down with Mitch face to face and start this discussion.

Hi Everyone and happy monday.

Thank you for your concerned response to my emails last week about the encampment of crack heads and drug addicts that piss and shit on the street in front of a park where children play.

I would like some response on how you plan to handle this?

The answer that nothing can be done is not acceptable.

I own the property at I lived there from 2007-2012. Raised my daughter there for 5 years played in the Hollywood community park.

How as the city allowed this to happen?

These are not out of work actors or editor down on there luck waiting to find the next gig. These are career drug dealer pimps and low lives. They harass the good tax paying citizens. Is this your plan? Have these "homeless" harass the property owners and there tenants to drive down the value or property before the city redevelops it?

I've seen them run prostitution rings out of there tents.

Is that what the ACLU and homeless advocate support? Prostitution & drug usage?

How do we clean this up?

Please advise what steppes are being taken to handle this.

Best

Hi Anthony,

I am un-CCing some of the other folks on this thread, and including personnel from **LAPD** (Captain Cory Palka, Captain Jonathan Pinto, Sgt. Adrian Maxwell, Sgt. Darrell Davis, Officer Cesar Corona, and Acting Senior Lead Officer Jesse Rubalcava), the office of the **City Attorney** (Steve Houchin, our Hollywood neighborhood prosecutor), the **Department of Recreation and Parks** (Yamil Verde from Hollywood Recreation Center), and **LAHSA, the Los Angeles Homeless Services Authority** (Don Holt). I am also CCing my colleague here at Councilmember Mitch O'Farrell's office, our District Director Marisol Rodriguez.

I'm including everyone above to keep all the appropriate parties in the loop regarding your photos and documented concerns.

As I believe we have discussed in the past, there are a number of legal and logistical challenges that dictate the actions that the City can and cannot take at this location. That being said, we certainly understand and share many of the concerns that you and other neighbors have raised. For my part, I will be calling you **today, Tuesday December 12th, at 4:30 PM** at the number you provided. This way, we can discuss these issues in greater detail. If that time doesn't work for you, please let me know, and/or feel free to give me a call back at your convenience. My cell is (213) 254-7214.

We are here to assist in any way we can.

4:30 is good for a call.

Thanks for adding Captain Cory Palka I am familiar with his work I follow him and the Hollywood PD on twitter. I also reached out to Steve Houchin today also to try to sit down with him and discuss drafting potential legislation in LA to ban sleeping on the streets. I spoke to Steve in August and he had the most insight to this problem that I found out of anyone in the city.

I am adding 2 people to this thread. Ferris Wehbe and Susan Chivaratanond both are property owners and landlords that are being affected by this encampment.

I think the problem needs to be redefined. These people are not "homeless" out of worked actor or editor that can't find a gig. These are drug addicts and pimps that bully and harass the community the word "homeless" needs to be removed from the equation. They are not homeless. They have fallen through the fabric of society and have become a parasite on the community.

This is a city legislative problem. Not one you can push of on the police that are doing all they can to protect there citizens. This falls on the desk of Mitch O'Fallen and our mayor Mr. Eric Garcetti.

Dan we spoke in August and sense then the encampment only has grown and became more violent.
Mich O'fallen and Mr. Garcetti are failing there constituents and action needs to be taking immediately.

Awaiting you call

First off

Thanks Steve Houchin and Dan Halden for a great hour long call last night about was to remove the Methhead encampment at Hollywood Rec. center.

Also I want to thank Captain Palka and your team for you continuing dedication to keep in Hollywood safe.

By now I'm sure you have heard about the cause of the skirball fire, and the it was sparked by a homeless encampment.

Thank you for all that you are doing to help clean up the park. I was there this morning and witnessed your efforts to revive the Hollywood Rec Center. As a property owner, I very much appreciated your efforts. Looking forward to your continuing work towards a common goal of keeping the encampments out of the rec center.

Best,

I haven't been home all day and have heard of the big cleanup today. Thank you for that tremendous effort.

May I also please ask for extra patrol of the area at least through tonight.

As I shared with many of you, last time there was a big cleanup it created a very angry and tense setting.

Some of the campers tried to set up their tents in front of our homes and got angry and started cussing us out and tearing
up our front yards when asked to leave.

Some of these guys are violent and we would like to avoid any potential conflicts.

Many thanks,

Susan

All,

Not sure who to contact or what the protocol is to address the camp situation at the center these days so trying all of you. We've been calling the nonemergency LAPD number but not seeing anything.

There's been a resurgence of campers at the park. Of course during the rains we tend to look the other way for a few here and there. But of course, within a few days a few infrequent instances turn into a daily growth of tents and activity at the park.

Also, there's been a few guys that go into the park at night, store their belongings on the roof. A few that sleep in the children's playground.

There's also an increase in people living in their cars on the surrounding streets — more than just the regulars like mama carol in the minivan. One includes a mom and young daughter.

A few months back we were told CENTCOM was to address this and be set up at the Hollywood city hall but haven't been able to locate them.

Please let us know who to contact and will be following up with us to address this resurgence.
